- Completed Google Android Developer Virtual Internship.
- Completed Web Development Virtual Internship.

HOBBIES

Making New Friends

Enjoys engaging with different cultures and perspectives.

Playing Online Game

A passion for sports and teamwork.

PROJECT

ATM MACHINE USING FACE ID

This is a desktop application that allows users to perform all transactions typically done through an ATM. However, my app offers advanced features like passwordless transactions using Face ID. Additionally, users can open a bank account directly through the ATM, eliminating the need to visit a physical bank branch.

STUDENT ATTENDANCE APP

This is an Android app where students can mark their attendance using Face ID on their own phones. Teachers can also manage attendance and perform various other tasks, making it a versatile tool for classroom management.

PORTFOLIO

This is a website showcasing my resume and personal information, offering a comprehensive overview of my skills, experiences, and achievements. It's a place to learn more about who I am and what I bring to the table.
